ABOUT THE PROGRESS

The In-Service Training Programme, Compendium of Entrepreneurship eSMART EduZines and Interactive Infographics, and Compendium of Investment Readiness eSMART EduZines and Interactive Infographics are now available in English, German, Croatian, Spanish, Polish, Greek, and Portuguese on the eSmart MOOC: <https://www.elearning.esmart-project.eu/>

The educational resources developed by the eSMART consortium are freely accessible to the public, as open educational resources. These learning materials can be accessed remotely, offering a hybrid approach to learning environments.

PROJECT MEETINGS AND THE FINAL CONFERENCE

The last project meeting was held Face-to-Face in Oberwart, Austria on the 17th of October 2023. During the final meeting, partners discussed the finalisation of all project resources and addressed the final reporting period.

After the meeting, all partners attended the Final Conference of the eSmart project. The Final Conference invited VET practitioners, VET managers, University Lecturers, Business Support Organisations, Chambers of Commerce, and policy makers in Austria. During this event, the full suite of eSmart resources were presented.
